INFORMAZIONI E CONSIGLI PER L'USO

Specific treatment dedicated to the beauty and fragility of the eyes.

Active content act synergistically to drain, decongest and tone the eye area, extremely thin and delicate epidermal area.

The juice of cucumber, aloe, witch hazel, together with the linden and chamomile extracts promote anti-fatigue, soothing and moisturizing action, giving immediate feeling of freshness and relief.

The inclusion of the 14-peptide joined to a new mix of extracts (Granactive) manifesting antioxidant properties, protects against free radicals, facilitating the stimulation of collagen, in particular on expression of periocular wrinkles.

Upon completion of the precious formulation, there is the caffeine, the Birch and Centella extracts with their invigorating and stimulating properties for the microcirculation, that by limiting the retention of liquids, assist the reinforcement of the walls of blood vessels, combating eyelid swelling (puffiness and dark circles).

Instructions: Place the mask over the eyes and soak with RevytalEyes until it becomes completely wet and leave it on for about 20min. After the exposure time, remove the mask and gently massage any remaining product until completely absorbed.
